When I was teaching hunter’s education at the Topsail Volunteer Fire Department, we always drilled the night we went to the hunting course. Safety is foremost. Not because we didn’t teach them, but if we had it we seemed to always have a accident story to relate.

The number one rule, we would go over a minimum of twenty times, was always point the muzzle in a safe direction. If that one rule was followed, the rest would not be so difficult.

Let me explain further. Rule number one is always point the muzzle in a safe direction five feet from the firearm. If I have ever done it wrong, I have never done it with twice.

Rule number two is to treat every firearm as if it was loaded. If we adhered to the number one rule, and a firearm has an accidental discharge with us believing the firearm was unloaded, the only thing we have done is scare ourselves.

Lookin’ for Love

My name is Sunshine. Do you know why? Maybe because I love to lay in the sun and watch the birds. Maybe because I have a crazy personality. I am a charming feline. I was very sick when I first got here. I was hand fed and had to learn to walk before I was strong enough to feed myself. I am entirely new and still learning to make up for the time I was too sick to play. Can I be your Sunshine???
